No. AEGCL/MD/New Proposal- 2030/ Preliminary Works/2020-21/Part (KHM-GOG)/7 Dtd: 08.07.2021

CORRIGENDUM - I

Bid Identification No. AEGCL/MD/New Proposal- 2030/ Preliminary Works/2020-21/Part (KHM-GOG)/BID
"Route alignment and detailed survey of 3 (Three) nos. of Transmission Lines under AEGCL"

With reference to clauses 3.7.0 and 3.8.0 of Section-3, Purchaser's Requirements of the bid identified by the above referred Bid identification no., the following clarification may be noted -

The geo-technical investigation shall have to be carried out only for those towers proposed at the river crossings and only for the 400kV line i.e. "400kV D/C Khumtai (AEGCL New)- Biswanath Chariali(PGCIL) D/C (Twin Moose)". The rates against the same may be considered in the existing BoQ.

The tentative bee-line for the above mentioned line is attached herewith for the reference of the bidders.

However, it may be mentioned here that, as per NHIDCL's communication, a Four Lane Tunnel including Approaches under River Brahmaputra between Gohpur on NH-52 (North Bank) and Numaligarh on NH-37 (on South Bank) is proposed to be constructed. While selection of routes, it must be ensured that the transmission line does not affect the construction work of the Four Lane Tunnel and sufficient clearance between the two shall be maintained.

All other terms and conditions shall remain same.

Chief General Manager(PP&D)
